

This architectural elevation drawing shows a two-story house with a dark, gabled roof. The house features two prominent stone chimneys and several dormer windows with white trim. The exterior walls are a mix of light-colored siding and dark grey or black panels. The house is surrounded by landscaping, including small trees with white blossoms and green shrubs. The background shows a line of taller green trees under a clear blue sky.

This architectural rendering shows a two-story house with a gambrel roof and a stone chimney. The house features large, multi-paned windows and a balcony. The exterior is finished with stone and wood siding. The house is surrounded by trees and landscaping.

This architectural elevation drawing, labeled 'D', depicts a large, multi-story residence with a complex, multi-gabled roof. The roof is covered in dark shingles and features several prominent stone chimneys. The exterior walls are finished with a combination of light-colored horizontal siding and stone veneer, particularly around the windows and along the roofline. Large, multi-paned windows are a key feature, some with dark shutters. The house is surrounded by mature trees and flowering shrubs, suggesting a well-established garden. The drawing is presented in a clean, professional style with clear lines and a limited color palette.

A detailed architectural rendering of a two-story house. The house features a gambrel roof with dark shingles and a central chimney. The exterior is a mix of stone and light-colored siding. Large windows with dark frames are prominent on both floors, including a bay window on the left and a dormer on the right. The house is surrounded by mature trees and flowering shrubs, with a lawn in the foreground.
